INSTRUCTIONS

Print and fill out for handy reference:

- 1) Draw a Circle for the ON time in the appropriate time slot
- 2) Write the Program # in the Circle
- 3) Draw an X for the OFF Time
- 4) If desired, draw a line connecting the ON and OFF times
- 5) You can also show if only an ON time or OFF time has been set by drawing a Circle or "X" without any lines

This chart helps you remember which Program numbers you have set and when they are set.

In this example:

Program 1:

ON at 8am Sunday
OFF at 12pm Sunday

Program 2:

ON at 5pm Monday - Friday
OFF at 7pm Monday - Friday

Program 3:

ON at 4pm Saturday
OFF at 11pm Saturday

Program 4:

ON at 6am Tuesday
(no OFF time set)
The advantage to having an ON only or OFF only setting is to customize another Program that is set for multiple days - in this example, it modifies Program #2 to turn on earlier on Tuesday.

Program 5:

ON at 10pm Thursday
OFF at 2am Friday
(you can draw a little arrow showing the OFF time is set for the next day)
